SUMMARY/ ISSUES (Briefly summarize program and potential issues or concerns. Identify changes, if any, to level of funding or staffing; how funding will be utilized and why best use; and prior accomplishments.)	<p>Tri-City MHC went into bankruptcy in 2004. Beginning on July 1, 2007 and after Tri-City had reorganized and improved its organization the County began contracting again with Tri-City MHC for services to Medi-Cal beneficiaries. Tri-City MHC has successfully implemented its contract with DMH and has provided appropriately documented and supported mental health services to severely and persistently mentally ill adults, seriously emotionally disturbed (SED) children, adolescents, and families who are residents of the three cities. The types of supports and services Tri-City MHC offers range from intensive treatments such as Full Service Partnerships (FSP) to Field Capable Clinical Services (FCCS) for Older Adults, Prevention and Early Intervention (PEI), a Wellness Center, and community navigators.</p> <p>The renewal of this Agreement will allow the continued flow of federal and State funds to Tri-City MHC, which provides the residents of Pomona, Claremont, and La Verne with outpatient mental health services. It is the mission and goal of Tri-City MHC to understand the needs of consumers and their families and to provide high quality culturally competent mental health services, prevention, and education to the low income, mentally ill residents of this area.</p>
